

Certificate of Partnership

This document certifies that the following agreement has been established between the project team of **Furisticstudio** and **Uzair**.

Our partnership on **Penance** is centered on delivering high-impact environmental storytelling through two meticulously crafted horror levels. We provide end-to-end support by designing custom 3D assets and implementing rigorous optimization techniques. Our goal is to ensure that these environments are not only visually stunning and atmospheric but also technically seamless for the final player experience.

Technical Deliverables:

- Two complete horror levels with full player progression and interaction flow.
- Optimized for a minimum of 30+ FPS on target devices.
- All assets provided as FBX files with textures and materials included.

Minimum System Specifications:

- OS: Windows 10 or 11
- Memory: 8 GB RAM
- Graphics: NVIDIA GeForce GTX 1060 or AMD equivalent
- VR Support: N/A
